# THE MOST ADVANCED FACIAL CONTOURING & REFINEMENT PROCEDURE

## WHAT IS FACETITE?

FaceTite is a new procedure that is comparable to a surgical facelift, without the large scars.

FaceTite provides dramatic improvement in skin laxity on the face and neck, which was previously only attainable through a surgical procedure such as a facelift. FaceTite utilises minimally invasive radio-frequency energy to melt fat and tighten skin.

## WHAT KIND OF PROCEDURE CARE IS REQUIRED?

FaceTite is a minimally-invasive procedure performed under local anesthesia or light sedation. Post procedure, patients can go home and resume regular activities shortly after. Wearing a compression garment is required for best results.

**Price – £3000 (includes 1x session of Morpheus8)**

**Treatment time – 1.5 hours**

**Recovery time – 3-5 days**

**Results – Noticeable 3 days after treatment**

**Longevity – Permanent outside of significant weight gain**

Spread the cost of your treatment over 12x months with Humm Finance.

*Typical patient repayment plan over 12 months*

Amount Borrowed - £3000 Monthly Repayments - £250

Interest - 0%

## **WHAT AREAS CAN BE TREATED?**

Any areas on the face and neck with saggy skin can be treated. This includes the double chin, jowls and other areas with deep lines and loose skin.

## **HOW IS THIS BETTER THAN A FACELIFT?**

By avoiding a facelift procedure with the large incisions, patients will benefit from reduced post-procedural swelling and discomfort. This is a less traumatic process with a natural looking final result.

## **HOW QUICKLEY WILL I SEE RESULTS?**

Results can be seen immediately, with best results noticeable after 6 week, and continuing up to 12 months.

---

Your FaceTite procedure will be carried out by:  
**Mr Andrew Kelly FRCS Ed (ORL-HNS)**

Mr Kelly is a Consultant ENT Surgeon and is currently Clinical Lead in the Northern Health and Social Care Trust. He qualified from Queen's University Belfast in 2007. He achieved membership of the Royal College of Surgeons Edinburgh in 2012 and became a Fellow of the College in 2018.
